

Medical Schools in the United States, 2014-2015

Barbara Barzansky, PhD; Sylvia I. Etzel

The following tables contain data derived mainly from the 2014-2015 Liaison Committee on Medical Education (LCME) Annual Medical School Questionnaire Part II. The questionnaire was sent in February 2015 to the deans of the 141 LCME-accredited medical schools with enrolled students. There was a 100% response rate. Each questionnaire was reviewed and attempts were made to verify information and obtain missing data. Data for years other than 2014-2015 were obtained from previous LCME Annual Medical School Questionnaires or from the source, as cited.

Author Affiliations: Medical Education Group, American Medical Association, Chicago, Illinois.

Corresponding Author: Barbara Barzansky, PhD, Division of Undergraduate Medical Education, American Medical Association, 330 N Wabash Ave, Chicago, IL 60611 (barbara.barzansky@ama-assn.org).

Conflict of Interest Disclosures: The authors have completed and submitted the ICMJE Form for Disclosure of Potential Conflicts of Interest and none were reported.

Funding/Support: This research was funded solely by the American Medical Association, which employs Dr Barzansky and Ms Etzel.

Wisconsin	5689	2	1474	25.9	5758	2	1514	26.3

^a Includes states with MD-granting medical schools, the District of Columbia, and Puerto Rico.

^b State populations as of July 1 of the indicated year. Data from US Census Bureau, Population Division. Annual Estimates of the Resident Population: April 1, 2010, to July 1, 2014.

^c Includes Liaison Committee on Medical Education-accredited schools with

students enrolled during the 2011-2012 and 2014-2015 academic years.

^d Aggregate number of medical students enrolled in the state per 100 000 state population.

^e In the indicated states, there were developing medical schools that did not yet enroll students in all years of the curriculum.

Table 2. Number and Percentage of Graduates of MD-Granting Medical Schools Entering Residency Training in the Same State as Their Medical School, by Academic Year^a

State ^b	2004-2005		2014-2015	
	No. of Graduates Entering Residency Training in 2005	Graduates Entering Residency in the Same State, %	No. of Graduates Entering Residency Training in 2015	Graduates Entering Residency in the Same State, %
Alabama	228	53.1	268	37.3

Washington	167	41.3	217	36.4
West Virginia	124	43.5	166	36.7
Wisconsin	338	34.3	349	28.1
Total	15 353	43.1	18 274	37.2

^a Includes students graduating from all medical schools in the state who entered residency training in the indicated years.

^b Does not include medical schools in the District of Columbia and the Uniformed Services University of the Health Sciences in Maryland.

Table 3. Sources of Funding for Teaching in the Ambulatory Community-Based Setting, by Academic Year

Funding Source	Schools Using the Funding Source to Support Teaching, No. (%) ^a	
	2004-2005	2014-2015
Regular departmental budgets	104 (83)	93 (66)
Medical school central funds	93 (74)	97 (69)
Federal grants	40 (32)	14 (10)
Grants from private foundations	21 (17)	14 (10)
Funds from state agencies/state government	34 (27)	37 (26)
AHEC funds	54 (43)	37 (26)

Abbreviation: AHEC, Area Health Education Centers.

^a There were 125 LCME-accredited schools with students enrolled in 2004-2005 and 141 in 2014-2015.

Table 4. Incentives Given to Volunteer Clinical Faculty Members for Teaching in the Medical School or Precepting Students in Their Offices, by Academic Year

Incentive	Medical Schools Providing the Incentive, No. (%) ^a	
	2004-2005	2014-2015
Monetary stipend to some or all volunteer faculty	44 (35)	43 (30)
Access to library/literature searches	117 (94)	129 (91)
Access to free/discounted continuing medical education	80 (64)	81 (57)
Access to athletic facilities/special events	40 (32)	40 (28)
Computers/software provided or discounted	39 (31)	31 (22)
Access to faculty development	106 (85)	119 (84)
Ability to participate in medical school practice organization	11 (9)	19 (13)
Recognition dinners/certificates	106 (85)	101 (72)

^a There were 125 medical schools with students enrolled in 2004-2005 and 141 in 2014-2015.

Table 5. Participants in Required Interprofessional Education Experiences, by Academic Year

	Schools in Which Students from the Health Professions Program Participate in Required IPE Experiences With Medical Students, No. (%) ^a	
	2011-2012	2014-2015
Nursing, baccalaureate	65 (64)	99 (76)
Pharmacy	54 (53)	89 (68)
Physician assistant	42 (41)	68 (52)
Physical/occupational therapy	35 (34)	65 (50)
Nursing, nurse practitioner	28 (27)	51 (30)
Dentistry	20 (20)	37 (28)
Public health	16 (16)	26 (20)
Osteopathic medicine	4 (4)	8 (6)

Abbreviation: IPE, interprofessional education.

^a There were 102 schools (76% of the total) with required IPE experiences in 2011-2012 and 130 schools (92% of the total) with required IPE experiences in 2014-2015.

Table 6. Topics of Required Interprofessional Education Experiences for Medical Students, by Academic Year

Topic	Medical Schools With Required IPE Experiences Covering the Topic Area, No. (%) ^a	
	2011-2012	2014-2015
Teach specific basic science content	36 (35)	42 (32)
Teach specific content in the humanities/ethics/law	38 (37)	57 (44)
Teach specific content related to team functioning/team development	80 (78)	112 (86)
Teach specific content in clinical/interdisciplinary ^b areas	71 (70)	106 (82)
Familiarize medical students with the roles of other health professionals	84 (82)	122 (94)
Practice specific clinical skills ^c for a health care team	67 (66)	105 (81)

Abbreviation: IPE, interprofessional education.

^a There were 102 schools (76% of the total) with required IPE experiences in 2011-2012 and 130 schools (92% of the total) with required IPE experiences in 2014-2015.

^b For example, patient safety, team-based care, evidence-based practice.

^c For example, interprofessional communication, response to a medical emergency.

Table 7. US Medical School Enrollment During 20-Year Period, by Sex

Academic Year	No. of Schools	First-Year Student Enrollment		Total Enrollment		Graduates	
		Men	Women	Men	Women	Men	Women
